

## Finnish Pedagogical Approaches

Finnish pedagogical approaches are well known in the world for producing excellent learning outcomes. They put the student in the center of the learning journey, allowing the students being active learners who will understand how the fact or skills can be applied and put into a context.

We at Humak offer a 5 days summer / winter school programme in Finnish pedagogical approaches, and how they can be applied at different levels of education.

During the 5 days programme the participants will get:

- An insight into student centred learning.
- To experience activity-based methods and outdoor education.
- To plan and lessons / trainings applying Finnish pedagogical approaches.
- To know the Finnish education system.

The themes covered in the programme are:

- Finnish education system
- Student centred learning
- Activity-based methods
- Collaborative learning
- Outdoor education

The programme can be modified according to your own training needs and particular interest at your organization.
